

# Watermelon Agua Frescas

*Recipe submitted by Melissa Watson of Watson's Pools & Patios in Nashville, GA*

## **Ingredients**

4 cups cubed, seedless watermelon  
(Cantaloupe or honeydew melon will also work)  
1/2 cup sugar  
2 cups cold water

## **Preparation**

Process melon and sugar in a blender until smooth, stopping to scrape down sides as needed. Pour mixture through a fine wire-mesh strainer into a pitcher, discarding solids. Stir in 2 cups cold water. Cover and chill until ready to serve. Serve over ice. Can garnish watermelon agua fresca with lime slices or mint if you so desire.
